EDUCATION

Bachelor of Technology IN CSE
(2022-2026)

R.R. Institute Of Modern
Technology(AKTU) - 70%

Intermediate
(2021-2022)

Government Girls Senior Secondary
School - 70%

High School
(2019-2020)

Government Girls Senior Secondary
School - 81%

SKILLS

- MongoDB
- Express.js
- React.js
- Node.js
- REST APIs
- JavaScript (ES6+)
- Git & GitHub
- MySQL
- PostgreSQL
- Java
- Postman
- HTML5
- CSS3
- Tailwind CSS

PROJECTS

• GET HEALTHY

I developed a website that helps users create a personalized diet plan.

Technology used :- JavaScript , React , REST API, Mongo DB

URL: <https://let-s-diet.vercel.app>

• V.SAVE

I developed a personal finance website that enables users to track expenses and stay aligned with their saving goals.

Technology used :- JavaScript , React , Firebase Authentication

URL: <https://finance-tracker-two-lyart.vercel.app>

CERTIFICATION

Train X

2025

Certification In Problem-Solving And Critical Thinking

TCS-on

2025

Certification In Data Management

INTERNSHIP

HANUMANT TECHNOLOGY

Full Stack Web Development

August 2025 to February 2026

- Developed and maintained full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Designed and integrated RESTful APIs to enable efficient communication between frontend and backend systems.
- Implemented responsive and user-friendly interfaces, ensuring optimal performance across different devices and browsers.
- Collaborated with development teams to troubleshoot issues, optimize application performance, and deliver high-quality software solutions.
- Utilized Git and GitHub for version control, code management, and collaborative development throughout the software development lifecycle.
